

Philippa series

Designed by Busetti Garuti Redaelli, Italy

'Philippa' combines a very Nordic and modern look, yet retains references to 1950s and 1960s classic armchairs. The chair is created by the design group Busetti Garuti Redaelli, designed with softness, comfort and an organic shape in mind.

Meet the designer

The development of all our projects aims to achieve simple solutions, both technical and formal, privileging usability and legibility of the object. Through this process, we define our ideas reinterpreting traditional or innovative materials to make gentle life companions. Inspirations are everywhere. What matters is to be receptive. We try to be influenced by a great variety of stimulus... always searching for inspirations, during our working time or free time, always keeping our eyes open. This is our state of mind. Great design is, when looking at an object, the first thought is: it could only be so ...and after observing him longer: yes, there is no way to improve it, it's perfect!
