calligaris

We are an Italian furniture company.
We are present all over the world.
We create practical and beautiful products.
We use all sorts of materials.
We design ingenious solutions.
We've got everything you need to make a home.
Living, dining, sleeping, working, playing.

At Calligaris, we believe that furniture should be as functional as it is elegant. We believe that innovative design should be engineered to offer real life solutions and essential comfort. And even after 100 years of experience in the industry, we continue to experiment with materials and finishes. After all, our ability to embrace change is perhaps the most enduring characteristic of the Calligaris brand. We know that every space and home-maker's needs are different, so we offer a wide range of products and made-to-order options to make sure you find what you like. We believe in quality. In fact, we choose top-range materials, we research new formulations to offer the finest performances and durability, we submit our products to rigorous test sequences for obtaining the necessary certifications in accordance to the highest standards. Above all, we love close and long-term relationships growing day by day, which is why you'll find our stores all over the world.

Inspired by innovation, we are passionate about problem-solving design. And true to our belief that all design should be defined by both purpose and pleasure, we have a new challenge: to use sustainable design to restore and preserve the beauty of our natural environment.

How? By researching, optimizing and minimizing every aspect of our processes. In line with the 2021 vision – we are currently being certified according to ISO 14001 company – we've made eco-friendly design more than a best practice goal: it is the driving force behind every aspect of our production.

Starting with the installation of solar energy panels in Manzano in 2012 and the continual optimization of our processes and packaging to minimize energy use and waste, we are determined to make a difference.

And when it comes to find creative solutions that make our world a better place to live in, we continue to experiment, reinventing recyclable materials, using renewable sources and sustainably FSC certified wood to ensure even our most iconic designs adapt to the needs of the world.
