DATASHEET

NABLA

NABLA is a collection of carpets designed by David Thulstrup for Made by Hand and in collaboration with Golran. Using juxtapositions as a central tenant in his work, NABLA is composed of sophisticated gradients, where timeless but vibrant colour combinations adjoin a gradual interlace of materiality. Through technical excellence provided by Golran, NABLA's highlights meticulous attention to detail and tactility with a contemporary touch. Typically bold and refreshing for David Thulstrup — yet enduring at the same time.

Cleaning and care

Vacuum your Nabla rug regularly to remove loose dirt and debris. Use a vacuum cleaner with a brushless suction head or a handheld attachment to prevent pulling or damaging the fibers.

Rotate your rug periodically to ensure even wear and sun exposure, especially in high-traffic areas or areas with direct sunlight.

Cleaning:

Spot clean spills immediately with a clean, damp cloth. Blot the affected area gently to absorb excess liquid, avoiding rubbing or scrubbing.

For deeper cleaning, consult a professional rug cleaner who specializes in delicate fibers like bamboo silk and wool. Avoid using harsh chemicals or bleach, as they can damage the rug's fibers and colors.
