AVOLT

AVOLT is a Swedish based design studio that develops, designs and markets objects that extend electricity to devices, deploying Scandinavian design for homes, offices, retail environments and public spaces.

Square 1 Gotland Grey

"Our ambition is to only produce beautiful objects that we actually use, on a daily basis and that stand the test of time."

Johan Runströmer

AVOLT was founded by Johan Runströmer and Viktor Lundberg in 2018 with the ambition to empower homes, offices and retail environments.
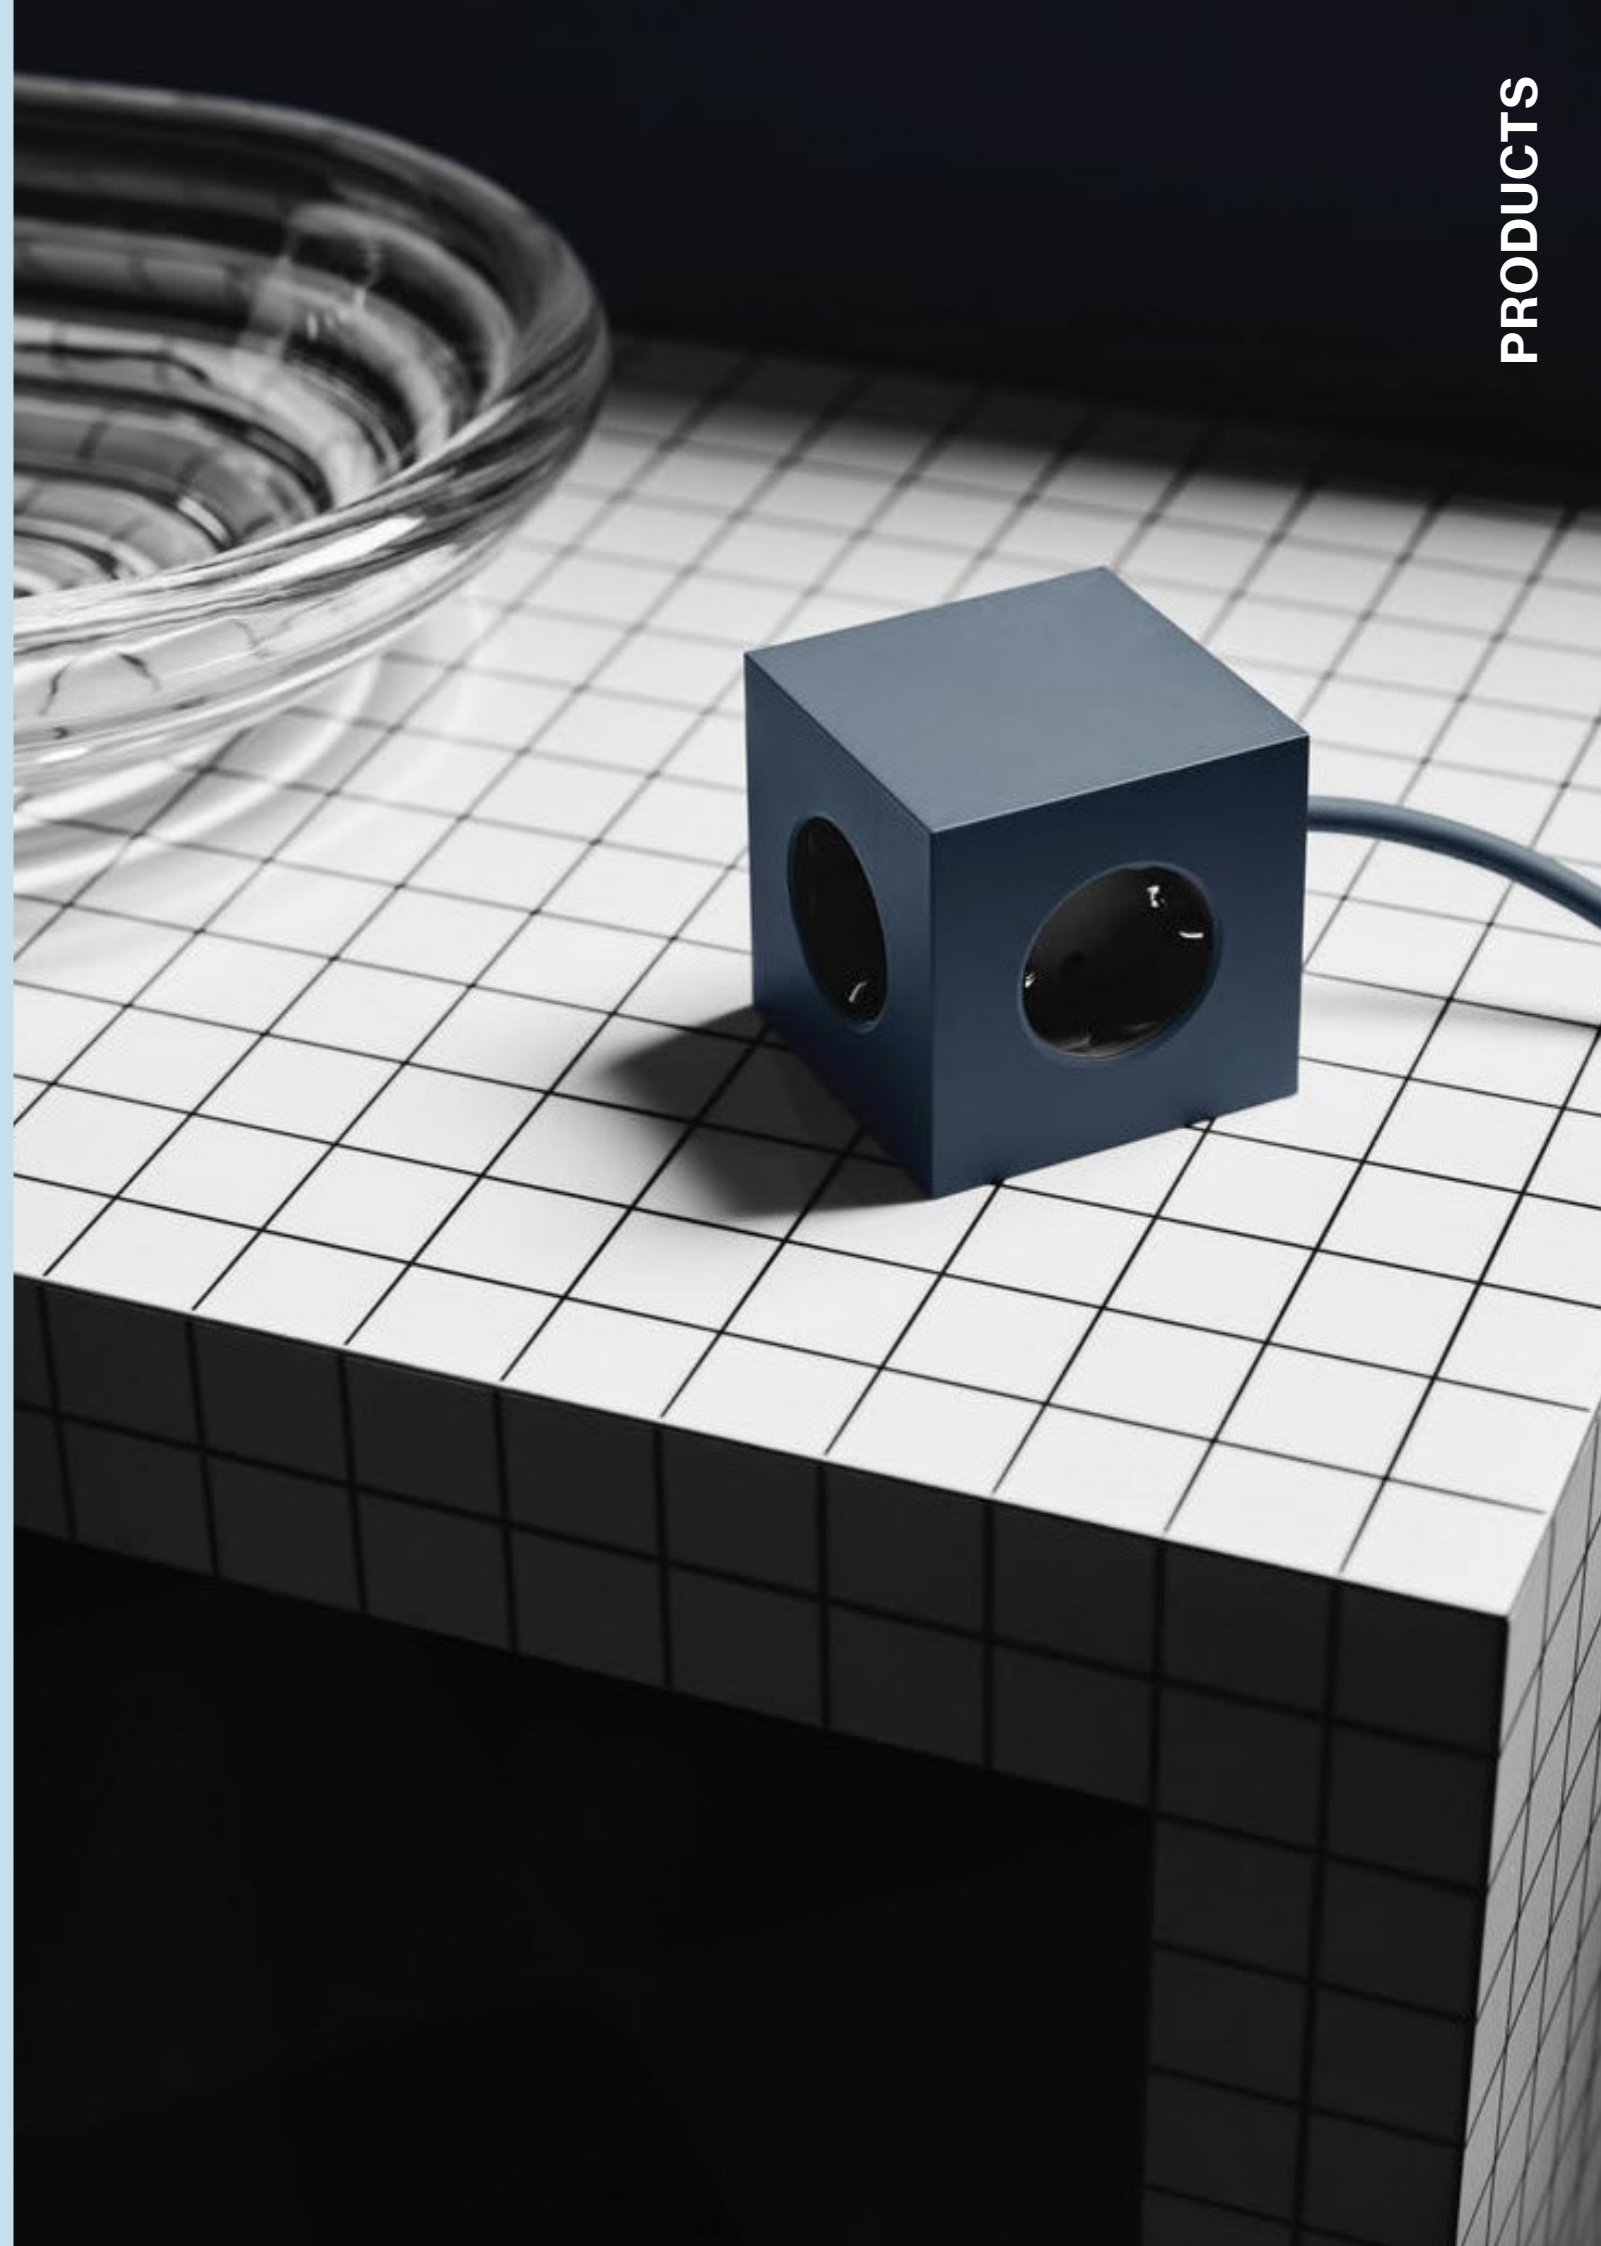

Impact and empower people's life by designing beautiful, timeless and sustainable objects that connects your devices to electricity, without compromising architecture and interior design.
