## A lantern in the dark

Bring the light with you around the dark with the new Lantern Portable Table Lamp. A fluted glass shade is embraced by a metal handle that makes it easy to carry the light around and hang it up inside as well as outside. Like a lantern, it brings an evocative soft light to its surroundings – a timeless poetry for the dark times.

The Lantern series now travels back to its origin, drawing upon the original source of inspiration for the lighting family. As a natural progression of the beloved series, the new member of the Lantern family, is, in fact, a lantern, albeit a thoroughly modernised one.

Lantern Portable Table Lamp features a battery-powered light source with a three-step light dimmer, a magnetic charging cable for easy and seamless charging, and a metal handle that allows you to carry the lamp around and hang it on a hook or branch. The timeless poetry of the white opal glass meeting the matte black steel is as pleasing as the softly diffused light that emits from the shade and instantly elevates the ambience. Use it as a table lamp around the home, to light up a dark staircase, and take it outside as a glowing spheric detail for those magical dark nights

## About New Works

New Works presents a collection at the intersection between old and new. Light and dark. Design and art. Our work pays homage to the strong Scandinavian history of craftsmanship and materiality, whilst challenging the contemporary forms of today. We collaborate with an international group of renowned designers and artisans, who display a matching fascination with sculptural forms and honest materials. These collaborative pursuits convey our love of the sensual, and of the bold.
