JÄGER LOUNGE TABLE, BLACK LACQUERED
Designed by *Mogens Lassen*

Audo reimagines a timeless design.

Originally conceived by Mogens Lassen in 1941 and inspired by the folding stools and beds of Tutankhamen's Egyptian tomb, the Jäger Lounge Table combines historical inspiration with modern sophistication. Reissued in 2020, the iconic piece has been updated to honour Lassen's original vision while incorporating modern standards for durability and functionality.

Audo Copenhagen now introduces the table in elegant black lacquered wood that enhances the sleek lines and seamless joints of its solid wood frame and warp-free veneer table top with a tapered lip. Brass fittings and a unique serial number engraved on a brass plaque detail each piece and offset the dark finish.

In professional spaces, the Jäger Lounge Table's refined aesthetic is suited to executive offices and upscale reception areas, while in home settings it serves as an elegant centrepiece coffee table, folding easily for storage in rooms where flexibility is key. Available in walnut, natural oak and black lacquered natural oak, a wood care kit is included to maintain the table's impeccable finish.

About the Designer

Considered one of Denmark's greatest and most influential architects, Mogens Lassen pioneered Danish Functionalism, taking his cues from Bauhaus sensibilities. His interior designs are a natural continuation of his architectural approach, adding energy and atmosphere to everyday living spaces and tasks. From decorative objects to larger furniture designs, his creations delicately balance presence without drawing undue attention, finding their natural place in any space.
